

Hands off

Finished Draft on Tuesday March 12 2019.

Tammy is sitting at a desk in detention drawing a tuatara with pohutukawa trees in the background. No one else is there except her Principal Mr. Guatchaese

Tammy looks up at the clock and sighs.

Mr. Guatchaese: I got to go to the bathroom ok? But no funny business when I'm gone.

Tammy rolls her eyes. Mr. Guatchaese leaves the classroom and there is a loud scream. Tammy races to the door to see her principal lying on the ground dead. Standing over him is a man holding a book covered in blood. The book's title is 'Life is a daring adventure.'

Killer: Life's a daring adventure is my favorite book. Have you read it? No? Here, let me hand it to you.

Tammy and the killer have a chase scene with the funny music in the background... Eventually, Tammy runs into the classroom. She is at the back wall when the killer bursts in. She turns around.

Killer: Here's Johnny...

Tammy : That's the most cliché thing you could have said right now.

The killer rolls his eyes.

Killer: Oh Shut up.

The killer walks towards Tammy and picks up a metal ruler. He then goes to chop her head off.

Tammy : Hey! Hands Off!

Killer : If you say so.

*The killer chops off Tammy's hand. The camera goes to Tammy's screaming face.
Tammy then wakes up on her desk.*

Classmate : You ok? You look like you've just seen a ghost.

Tammy : I'm ok. I just had a bad dream.

Classmate: Well it's just a dream.

Tammy: Yeah.

The classmate then turns around and does the whole thriller thing.
